This class is for puppies aged 10 weeks to 5 ½ months. First class is orientation, do not bring your puppy.

This is a beginning level class designed for new puppy owners, who want to teach their puppy household manners, learn more about canine behavior. I teach positive reinforcement techniques and use a clicker and whistle. I build puppy socialization time into our classes so that they can learn how to interact with other dogs. I do participate in the **AKC S.T.A.R Puppy Program**

### WHAT TO BRING TO CLASS

- A treat pouch or suitable bag for holding treat
- Basic collar or harness (no corrective collars)
- 6 foot leash (no retractable leashes)
- High value treats
- Towel or blanket
- Whistle
- A Positive Attitude

You can find a treat pouch, yummy treats, collars and leashes at the Feed Store at Sand Road Animal Hospital.
